Status at the Time of Institutional Admittance and Acceptance

Status of admitted students at the time of enrollment. Information acquired from admission's application and verified with NSLDS. The majority of our students, at the time of admissions are transfer students, which means this is a student entering the institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). This includes new students enrolled in the fall term who transferred into the institution the prior summer term. The student may transfer with or without credit. The number of transfers admitted to the institution has remained constant, as reflected in the pie charts below. [Source: IPEDS Glossary <http://nces.ed.gov/ipeds/glossary/>]
