Dear President Green,

The Arkansas Community Correction would like the opportunity to enter into a Pell Experimental Partnership with Shorter College to provide post-secondary education and/or training to the residents at our six centers across the State of Arkansas.

Arkansas Community Correction supports the implementation of the post-secondary programs and will allow Shorter College to send staff to the centers to provide instructional classes. These classes will be offered mainly on nights and weekends to accommodate the work and program schedules of the residents. Residents who have received a high school diploma or received a GED, either before or during their incarceration, will be able to continue their education with this program with Shorter College. This will allow the residents to gain higher quality employment, reducing the risk of recidivism.

Should you need any additional information please do not hesitate to contact Kevin Murphy, Chief Deputy Director at 870-683-7979.

Sincerely,

A handwritten signature in black ink that reads 'Sheila Sharp'. The signature is written in a cursive style with a large, prominent 'S' at the beginning.

Sheila Sharp, Director
Arkansas Community Correction
